

# The phoenix

Dear Sir/Madam,

Greetings from the Phoenix, Jakarta's newest function space set in the heart of South Jakarta.

It is with great pleasure that we send you a profile of the Phoenix, a beautiful house in Kebayoran Baru, transformed to serve private events with effortless style.

Our 1,385 sq m space is divided into three areas, suitable for a wide range of functions. From weddings, birthdays, celebrations, business entertaining to seminars and club gatherings, it is also a popular choice for pre-wedding photo shootings and lifestyle events. Our 385 sq garden is also the perfect setting for evening cocktails and dining under the stars.

Our services include meeting and event packages as well as special wedding day packages for the discerning bride. Of course, we also offer comprehensive food and beverage catering packages ranging from buffet, a la carte to food stalls. We are also able to tailor-make a package for you upon request.

We would like to invite you for a tour of our venue at your convenience and would be happy to answer any questions.
